**Summary for fiscal years 2024 through 2028:**

Special study

**Study of merger, consolidation, or joint operating alternative required**

If the district's total estimate of expenses exceeds its total estimate of revenues for any fiscal year, A.R.S. §48-805.02(D)(15) requires the district include a study of merger, consolidation or joint operating alternative. The current expense and revenue amounts require that the Fire District present a study to the fire district board in a special public meeting called for the sole purpose of evaluating the study. The study shall include an identification of districts available for merger, consolidation or joint operations. Additionally, it should include an analysis of the level of service and cost of service that may be provided to the residents of a merged, consolidated, or jointly operated district as compared to the level and cost of service to the residents of the districts without any merger, consolidation, or joint operations.
